

ICATT ensures that all program participants that are enrolled in our Virtual Career Academy experience an **augmented/versatile dimension to their training and coaching.**

WHY VERSATILITY ENHANCEMENT?

Extensive research shows jobs of the future will require augmented/versatile competencies due to many jobs being eliminated and or altered because of AI and automation.

Thus, **employees with versatile competencies have a better opportunity for employability, retention and promotion.**

Our Purpose

Did you know that ICATT Professional Services is a social enterprise with a purpose of creating jobs in our community by enhancing employability and strengthening job creators?

The target audience for ICATT's Virtual Career Academy is people who are unemployed and underemployed with the greatest barriers to employment, such as:

- Survivors of domestic violence and abuse
- At-risk youth
- Communities with lower socioeconomic status (i.e. inner city, rural)
- Recent immigrant and refugee groups
- People with disabilities or medical conditions
- Formerly incarcerated individuals
- Recently laid off or displaced workers

WE BELIEVE IN THE PEOPLE WE SERVE!

About Us

ICATT partners with career seekers to enhance their employability through **credentialed, employment-focused programs** combined with **individualized coaching and support!**

ICATT has a unique capacity to meet you where you are through:

- Individualized coaching
- Apprenticeship opportunities
- Portfolio and work sample development
- Low-barrier training opportunities

Credentialed Trainings

First, we have ICATT Career Academy's Credentialed Training programs. Each credentialed program represents an occupational field of study that leads to employment based on aptitude and interest.

COMPTIA A+

- Often described as the “entry-level rite of passage for IT technicians.”
- For candidates seeking a career as a help desk, support, service center or networking technician.

COMPTIA NETWORK+

- For professionals who have at least nine months of networking experience.
- Must be familiar with networking technologies, media, topologies, security, installation, configuration and troubleshooting.

COMPTIA SECURITY+

- Covers network security concepts, threats and vulnerabilities, access control, identity management, cryptography, and much more.
- No prerequisites – but Network+ credit is recommended.

AGILE ISD PRACTITIONER

- For aspiring instructional design practitioners who want an industry recognized certification.
- Ideal for candidates who want to create learning experiences that yield proficient and motivated learners.

Enhancing Employability Initiative

The Enhancing Employability initiative at ICATT is a comprehensive set of activities that offer tremendous opportunities to career seekers with the greatest barriers.
