VERSATILITY ENHANCEMENT V|E

What is Talent Versatility?

Talent Versatility is enabling career seekers to develop multiple competencies and perform multiple functions. The opposite of Team versatility is developing specialization and performing a limited range of functions.

Why Talent Versatility?

1. Allows using the full spectrum human potential
2. Increased employability.
3. Increased compensation.
4. Ability to gain full understanding of end to end business processes.
5. Add more value to the team and organization.
